How to
# Enhance Your Photos
Produced by Scoutworks.weebly.com

Enhancing Your Photos

Once you have inserted your photo into the slide in your presentation you can enhance the photo in many ways. Double click on the photo and the [Picture Tools] tool bar will appear. Here you will find many options available.

Removing Background

**1.** Select [Remove Background] **1** from the [Picture Tools] tool bar.
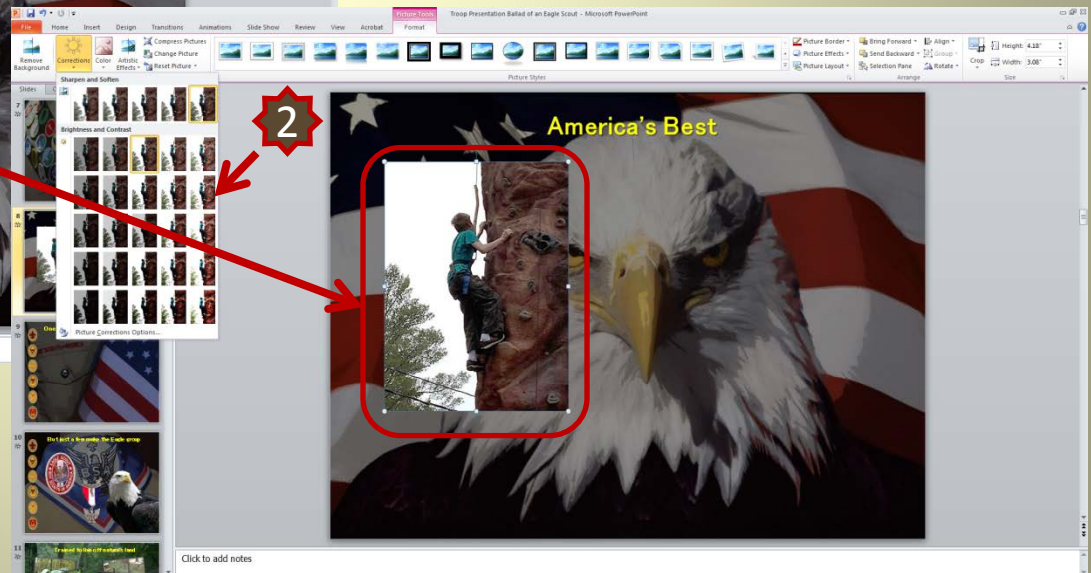

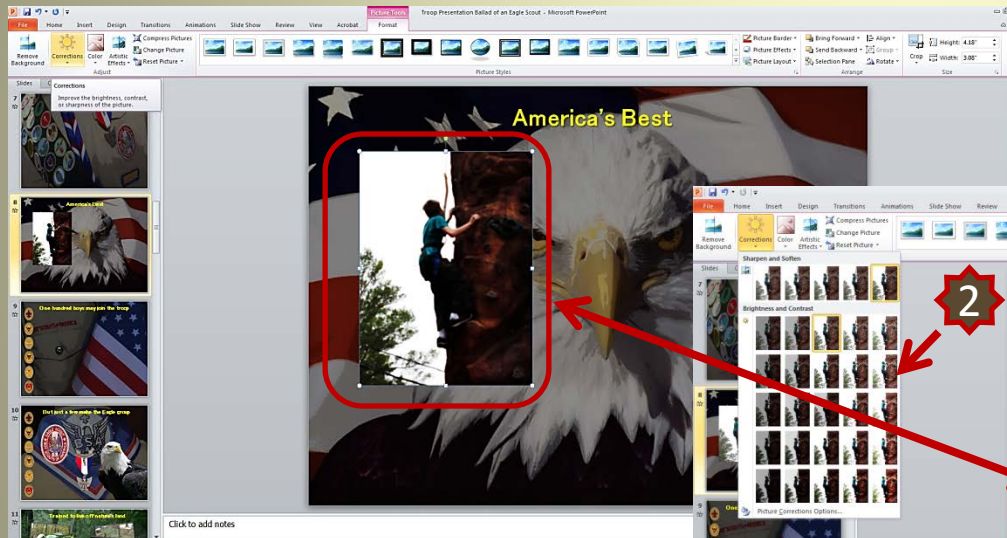

2. The photo will highlight in pink **2**. You can resize the area to select what portions of the photo you keep **3** or remove **4**. Once you have made your selection select [Keep Changes] **5**.
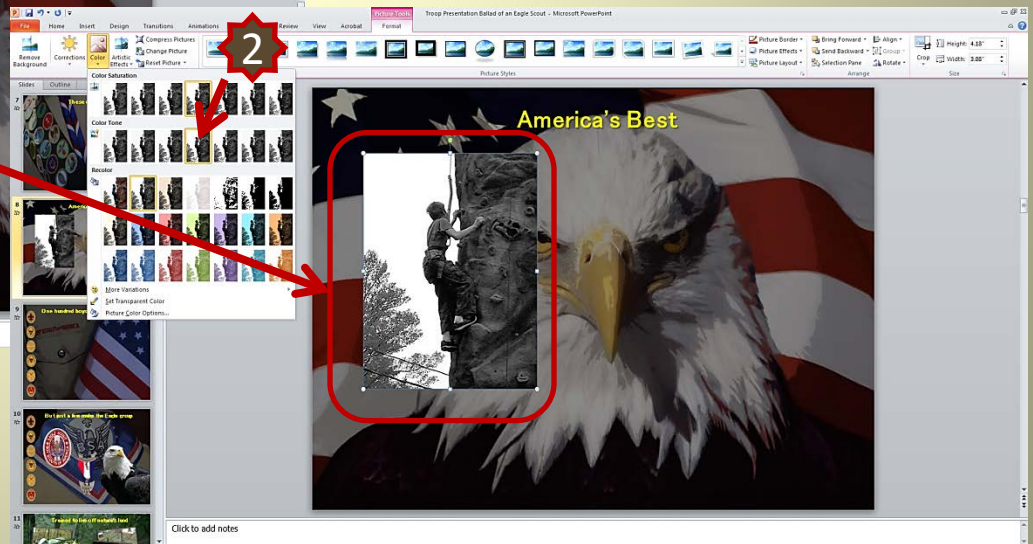

Picture Corrections

1. Select [Corrections] 1 from the [Picture Tools] tool bar. Here you can correct Brightness, Contrast and sharpness in your photo 2 .

Color Corrections

**1.** Select [Color] 1 from the [Picture Tools] tool bar. Here you can change color saturation, tone and other effects 2 .
Artistic Effects

1. Select [Artistic Effects] ① from the [Picture Tools] tool bar. Here you can make the photo look like a painting or sketch ② .

Artistic Effects
Add artistic effects to the picture to make it look more like a sketch or painting.
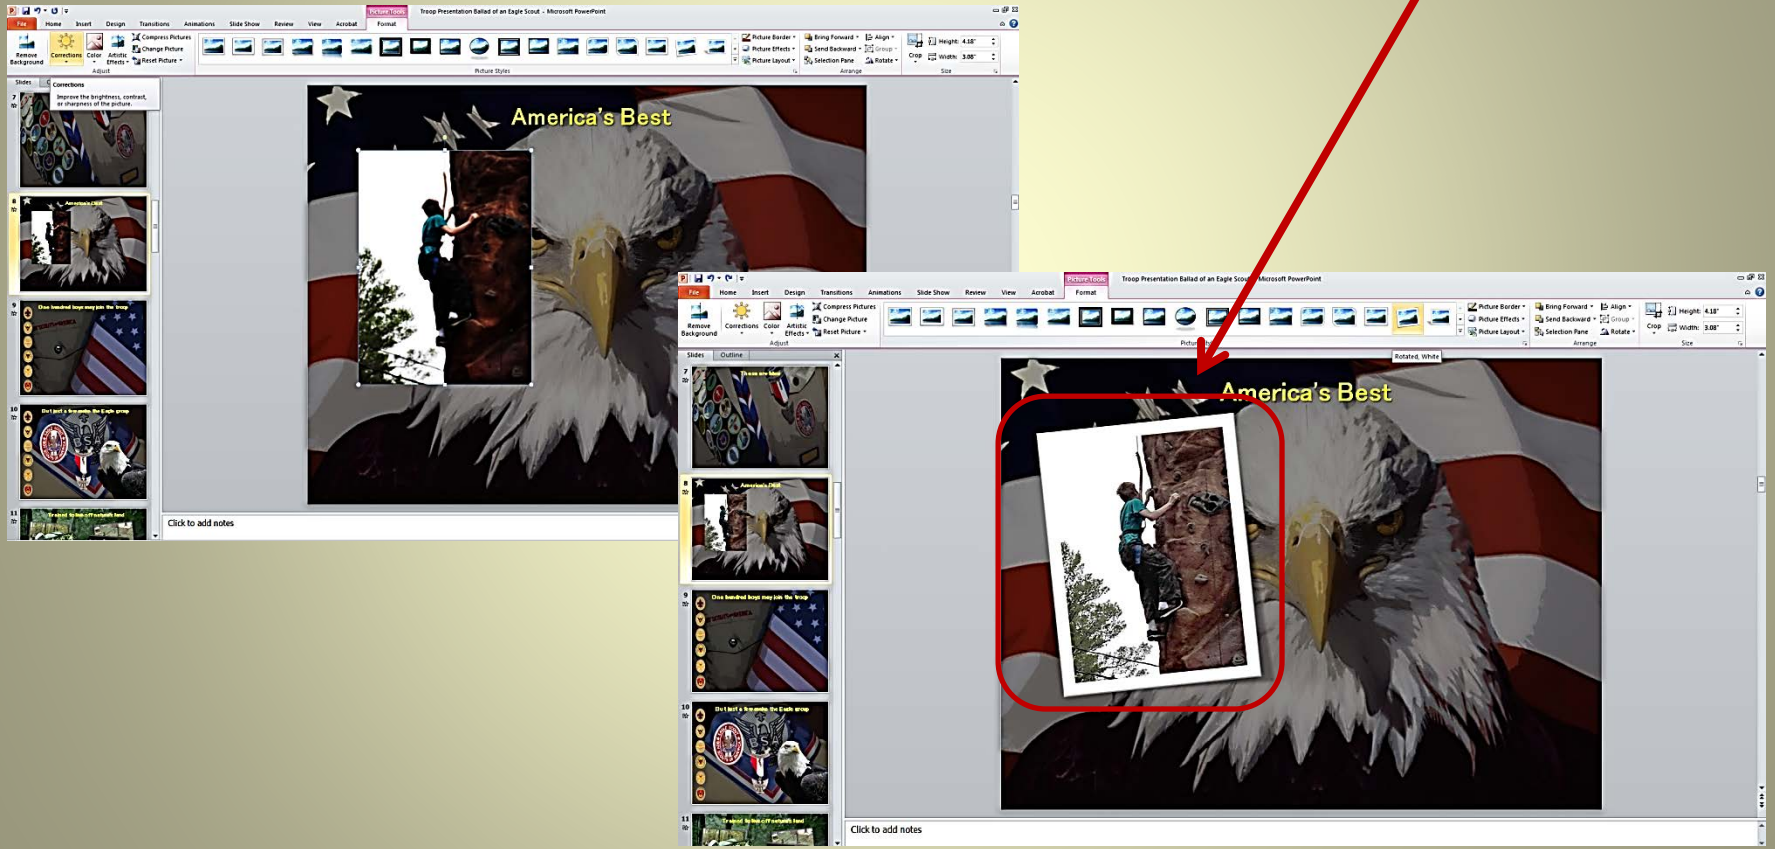

❓ Press F1 for more help.
